

Signs

From consultation to installation

Southwark, South London

Architect Tim Greensmith called in Good Directions for the signage. He said: "*We wanted the signs to be very vivid, to drag people in off the street. Good Directions were very useful at the design stage, they're excellent at making ideas possible and working to make them happen.*"

Offices in Christchurch, Bitterne, Hedge End, Eastleigh, Shirley and London Road Southampton

Staff at Enfields Estate Agents were delighted with the results of their new signage. "*Good Directions really went that extra mile to make sure we were happy. They made several visits to our branches to check exactly what we wanted and really did a good job.*"

Rob Mott, Director

"Creating the right impression for our clients is very important for us and Good Directions took the time to find out our exact needs in order to transform our designs into eye catching signs to suit our client's budget. We are extremely pleased with the end result."

"We were very impressed with Good Directions personal service and their attention to detail," said spokeswoman Christine Chalk of Moore & Blatch solicitors. "Their staff visited our offices and gave us plenty of advice. As it happened, we had some problems with exact timing of an office move but Good Directions were very flexible and everything was completed on time."

Christine Chalk, Director.

Offices in Lymington, Milford and two in Southampton

Bespoke signage can be incorporated within our standard range of Clocks, Roof turrets (Cupolas), Weathervanes and LCD digital displays.

We have worked on projects that have included Monoliths, rotating parts, time and temperature displays, Stainless Steel, glass and GRP.

These examples show there are no limits to our design and manufacturing capabilities.
